Wheat Opens Higher, but Prices Are of Nervous and Shifting Character.
Chicago, March 10.—Notwithstanding that the wheat market averaged higher today, peace rumors gave hootstions a downward aweep in the last hour. Closing quotations were unsettled, ranging from 1%c, net lower to &c advance, with May at \$1.80, to \$1.80, and July at \$1.86%. Corn tool &c to \$4c, and only \$8.10, \$1.80. Corn tool &c to \$1.80. Corn tool &c \$1.80. Wheat Opens Higher, but Prices Are of

Reasin.

Assertions that the price that Great Britain was offering for the Canadian wheat yield of 1917 was only \$1.30 a bushel exerted an additional hearish influence during the late dealings. On the other hand annuuncement that one railroad to the seaboard from Chicago had lifted the embarge on export shipments of grain helped somewhat to check selling as the day came to an end.

Corn swared with when

an end.

Corn swayed with wheat, advancing early and sagging later. On the upturn the market touched a new high record price, \$1.10\fo for May delivery. Onts were guided entirely by the action of other grain.

Relatively high prices which the British government fixed for lard at Liverpool did a good deal to tighten the provision market here. Bestdes, record top quotations on hose continued to rule at the Chicago yards.
